

Master of Science HES-SO in Life Sciences – diplômé-e-s 2011
Orientation Chemical Development and Production

Nom	Prénom	Titre du travail de Master
Denis	Jean-Martin	Characterization of Anarcadic Acids Isolated from Cashew Nut Shells
Meyer	Sasha	Iron-catalyzed Kumada Reaction Cross-coupling and Microreactor Application (a fini fin juin)
Meyer	Daniel	Synthesis of Fmoc- β 2-homo-Serine and-Threonine by Chiral Organocatalytic Mannich Reaction (a fini fin juin)
Stalder	Benoit	Roman on-Line Analysis for Flow Chemistry-Mechanistic Modeling of an Aldol Reaction
